

LOOKING GOOD. FEELING GOOD.
LIVING LIFE WITH CONFIDENCE.

IT'S WHAT WE HELP OUR PATIENTS ACHIEVE AT
THE SQUIRES CLINIC FOR PLASTIC SURGERY.

Dr. Squires and his dedicated team pride themselves in providing patients with the best in plastic surgery and skin care. Our paramedical Aesthetician and Nurse offer a complete spectrum of medically-based skin care, Botox® and Injectable Filler therapy.

Only the finest in medical grade skin care products are used and have been personally researched and selected by Dr. Squires.

The Squires Clinic offers a complete range of skin care treatments and plastic surgery procedures --- all designed to complement today's active lifestyles. Achieving the results you want can be accomplished with the assurance that every procedure is selected based on your individual skin type, preferences and objectives.

Your experience begins with an in depth confidential consultation. We take the time to listen to your goals and concerns and to discuss the various options in detail to ensure that together we select the most appropriate and effective course of treatment. Our emphasis on patient education helps to ensure that you are completely comfortable and secure with the recommended procedures.

Dr. Squires is double board certified by the American Board of Surgery and the American Board of Plastic Surgery. He is an active member in the exclusive American Society of Aesthetic Plastic Surgeons, The American Society of Plastic Surgeons and several other internationally recognized professional plastic surgery organizations. Dr. Squires is Chief Emeritus of Plastic and Reconstructive Surgery at Exempla Lutheran Medical Center. His innovations and expertise in plastic surgery have been featured numerous times in television news and print media. Dr. Squires has been selected as one of 5280 Magazine's "Top Doctors."

Let your journey to a more confident you begin at The Squires Clinic, where exceptional results provided in an atmosphere of privacy, safety and comfort, exemplify Colorado's premiere plastic surgery and skin care clinic.

THE SQUIRES CLINIC

COSMETIC PLASTIC SURGERY • MEDICAL SKIN CARE

DiamondTome™ Microdermabrasion — \$125.00

A better way to healthier skin! This is the newest technology in microdermabrasion treatments. No loose crystals or other abrasives that contaminate you or the environment. Achieve skin rejuvenation without the adverse effects of older style microdermabrasion treatments. DiamondTome™ utilizes a precise diamond encrusted wand and vacuum to assure the appropriate amount of exfoliation that will produce uniform results. A fantastic treatment to alternate with either the MicroPeel® or a facial. Recommended monthly. Package pricing is available.

** Combine with a European Facial Treatment - \$160.00*

BioMedic MicroPeel® — \$75.00

The MicroPeel® is a three step process that removes a micro-thin top layer of skin. The top layer is a significant obstruction to having better skin because it is pore clogged. The procedure is safe, effective and is accomplished in 15-20 minutes. There is no down time and you may reapply your makeup and continue your day. We may incorporate an Alpha Hydroxy Acid treatment based on your skin type. Immediately see and feel a difference in the appearance of your skin! Recommended monthly. Package pricing is available.

** Combine with a European Facial Treatment - \$128.00*

European Facial — \$75.00

A 50-minute indulgence and treat for your face. Included are deep cleansing, extraction, steam and décolleté massage. This facial is wonderful for the overall maintenance and hydration of the skin. If your concern is overall skin health and relaxation, this treatment is recommended for you.

Jessner's Peel — \$135.00

A couple steps stronger than the BioMedic MicroPeel®, the Jessner's Peel improves acne, sun damaged skin and pigmentation concerns with relatively little down time.

You may experience slight tingling or burning during the treatment and 2-4 days of light flaking to the skin. This peel can be used on the chest and hands as well. Beautiful skin is closer than you think.

Cosmelan Peel — \$550.00

The latest in pigmentation peels for the face, neck and chest area. Remarkable results in removing sun spots and pigmentation of the skin. You should notice fading in 1-2 months following your treatment. There may be mild redness and flaking for 3-7 days following the peel. Dramatically improve pigmentation from the effect of sun and aging.

Lash/Brow Tinting — \$25.00 each

Waxing Services

Facial and body waxing is available as an individual treatment or as an add on to one of our skin care treatments. Brow \$25.00 ~ Upper Lip \$15.00 ~ Underarm \$35.00 Bikini \$35.00+ ~ Leg \$50.00 ~ other areas call for pricing

Botox® Treatment — \$14.00 per Unit

Dramatic improvement in wrinkles produced by muscles in the forehead, crow's feet, "mad" wrinkles and the frown lines is achieved by relaxation of these muscles with Botox®. A quick injection has the effect of taking years of strain and stress from your face. We offer a complimentary consultation with our Nurse to discuss your specific concerns. Sign up at www.SquiresClinic.com for our E-Newsletter offering Injection Specials.

Juvederm Ultra & Restylane Injection

Fillers — \$525.00 per Syringe

We offer the latest in technology for injectable fillers. Our Nurse is happy to meet with you personally regarding the specific benefits of each product and which would give you the improvement you desire. Injectable fillers are great for fuller lips, plumping those lines around the mouth and giving you a more youthful appearance. We offer complimentary consultations with our Nurse.

SKIN CARE
